PROFILE

As a detail-oriented Full-Stack Web Developer with a background in Mechanical Engineering, I am passionate about building dynamic, scalable web applications that enhance user experience and efficiency. Proficient in React, Node.js, Express, and MongoDB, I thrive in collaborative environments where I can leverage my problem-solving skills to create impactful solutions. My strong analytical mindset, combined with a passion for continuous learning, allows me to adapt quickly to new technologies. With excellent communication skills and a commitment to delivering high-quality work, I am eager to contribute to innovative projects and drive success.

EDUCATION

UNIVERSITY OF UYO, UYO
September 2015 - August 2023

B.ENG

WORK EXPERIENCE

FREELANCE PROJECT, WEB DEVELOPER

May 2023 - June 2023

- Developed a logistics tracking system that allows customers to monitor their product location in real time using a tracking ID.
- Built an admin dashboard for managing and updating tracking statuses efficiently.

INDEPENDENT PROJECT, WEB DEVELOPER

September 2022 - November 2022

- Developed a web application to record income and expenses for companies or individuals, showcasing strong programming skills and problem-solving abilities.
- Successfully launched and maintained the application, demonstrating self-motivation and project management skills.
